

Memorandum of Agreement

Whereas Bupa Arabia appreciates the services provided by your esteemed facility to our members, since the inception of our healthcare agreement, we have always worked to build better relationship with your hospital and aimed to increase the volume of business between us.

Since both parties appreciate the progress in their relation & the cooperation in keeping their promises especially during the current contract that has been reflected positively in the wide gross of the volume of business.

Reference to the principal signed contractual agreement and its subsequent addenda, '**Bupa Arabia**' and '**Saudi German-Jeddah Hospital**' (referred to hereinafter as "the Provider") in contribution to build on their strategic partnership and business relationship.

Based on the above, both parties have agreed on the following effective 1st of January 2025:

1. The below changes will be applied on the mutually contracted Pricelist, as per the following implementation timeline, terms & conditions:

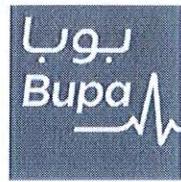

- 1.1. **Gross Price change:** The Gross Price of the Service Codes in Appendix 1 is hereby amended according to the mentioned terms & conditions.
- 1.2. No price increase shall be applied for the subsequent contract years upon automatic contract renewal unless both parties mutually agreed otherwise officially, where the provider shall continue providing services at the same pricelist rates and related discounts as those applied during the last year of the previous contract. This clause ensures price stability and prohibits any adjustment in service charges during the renewed contract term.

2. Performance-based Risk -sharing arrangements.

- 2.1. Both parties express their commitment to provide cost effective quality services through internationally applied models like PHC and other measures to ensure best outcome and quality of care while maintaining reasonable Outpatient risk cost, which will be monitored by parameters of the quality, and outcome and applicable Bupa Arabia measures.
- 2.2. The risk cost calculation excludes Home Care Services and PET scan.
- 2.3. Both parties agreed to apply an additional value-based commercial reimbursement adjustment to ensure that the control measures implemented by SGH will aim to lower/sustain the risk cost following the below mentioned desirable control percentages, which will vary based on the utilization parameters applied by Bupa Arabia methodology.
- 2.4. Periodically, both parties will meet and discuss the reasons of not achieving the targeted numbers (if any) and the utilization parameters including the Risk cost management.
- 2.5. In line of this agreement, the provider pledges not to refer any medications prescriptions to other provider unless there is a proven shortage of specific medication and if Bupa Arabia notice a trend in medications dispensing referrals, it will be considered as a breaching of this memorandum, and actions will be taken in accordance with the current contractual agreement.
- 2.6. Provider Incentives: SGH retains 50% of any savings below the desirable control percentages, encouraging cost-effective management and high-quality care delivery deducted at time of settlement.

Year	SGH- Jeddah
2025	Up to 1,309 SR
2026	Up to 1,309 SR
2027	Up to 1,243.5 SR

3. This memorandum is an integral part of the mutually signed contract and its subsequent addenda.
4. Apart from the above-mentioned amendments, all terms and conditions of the mutually signed contract and its subsequent addenda will be applied.
